

Judith Rivas

Mid-level Full-stack Engineer

andersonheather@example.net | (711)537-1640x6417 | Port Ashleyton, Guadeloupe

SKILLS

TypeScript • React • Node.js • PostgreSQL • Express.js • Prisma • RESTful APIs • GraphQL • Docker • GitHub Actions • Jest • React Testing Library • AWS • Agile / Scrum

EXPERIENCE

Mid-level Full-stack Engineer — MarTech Dynamics

March 2023 – Present

Led the full-stack development of a MarTech platform using TypeScript, React, Node.js, and PostgreSQL to deliver scalable features. Implemented performance optimizations that reduced bundle size by 38% and cut API response times by 28%. Shipped 12+ features per quarter with automated tests and CI/CD, increasing release velocity by 25%.

Software Engineer — AdverTech Labs

January 2021 – February 2023

Built and maintained a marketing automation backend and frontend stack using TypeScript, React, Node.js, and PostgreSQL. Designed RESTful APIs and data models to support a growing user base, reducing query latency by 40%. Implemented automated tests and CI pipelines with GitHub Actions, increasing deployment confidence and reducing bugs by 30%.

Frontend Engineer — BrightWave Media

June 2019 – December 2020

Developed responsive UI components and data visualizations with React and TypeScript, integrating with backend services. Collaborated with product to ship 15 features in 6 months, boosting user engagement by 22%. Established a reusable component library and testing standards, reducing UI inconsistencies by 50%.

EDUCATION

Bachelor of Science in Computer Science

Port Ashleyton University

Graduated: 2015
